

Software Engineer – Tools & Workflow

Type: Full-time employee

Location: Trinigy HQ, 72800 Eningen / Stuttgart area, Southern Germany

Focus: Vision Engine programming, 3rd party tools programming (Max & Maya)

Previous Work Experience: 3+ years

Trinigy is looking for an experienced software engineer to join our experienced Vision Engine development team and to help realizing some exciting new projects.

At Trinigy, you'll be working with one of the industry's most advanced technologies for professional game development. The Vision Engine has proven its versatility and reliability in more than 150 commercial game productions all over the world and is the trusted solution of PC, console, serious, and casual game developers across the globe, including Ubisoft, NeoWiz, TimeGate Studios, Spellbound, Nitro Games, Robot Entertainment and many more.

Job Description

We're looking for an experienced 3D software engineer who can think out-of-the-box and who is not afraid to push the envelope of modern PC and game console development. You will design and implement sophisticated features to raise the workflow efficiency in today's game development process to a new level. Knowledge about traditional game development processes, animation editing pipelines, existing DCC tools and scene editors are a plus. You will report directly to Trinigy's technical director.

The ideal candidate is an all-rounder programmer who combines a passion for game technology with strong design skills and comprehensive experience in game tools programming. Additional experience in console programming is a plus.

Expected Skills and Qualifications

- 3+ years of professional C++ development
- 2+ years professional C# development
- Good knowledge of DirectX or OpenGL
- Experiences with Autodesk® 3dsMax® / Maya® pipeline programming
- Good communication skills (English)
- Prior game development and/or middleware development experience

Beneficial Skills

- Experience with console programming
- BSCS or equivalent, or related industrial experience

We Offer

- Health, Medical, Dental and Social Insurance coverage
- Long Term Disability and Unemployment coverage
- Bonus Program
- 30 days of paid holiday
- Relocation service

- A “crunch-time” free work environment since the company’s founding
